

# Leadership Audit

## Leadership Readiness Audit

- Do you have street credibility? Are you doing the actions that have made you most successful consistently?
- Do you have an accountability coach that knows you and is keeping you on track in accomplishing your goals?
- Are you daily training on your scripting?
- Do you go to TLC leadership camps to grow your competency with communication, confrontation and advancing skills ensuring the practice grows through the lifecycles of practice?
- Are you weekly providing stimulating training sessions for the entire team based on protocols of topics that are specific to your desired areas of growth in practice?
- Do you meet individually with your team weekly to check on their progress in their zones of practice?
- Are you monthly engaging in philosophy calls which are applicable to patient care?
- Does your spouse/partner monthly attend alongside of you a balanced prosperity call where you grow your protection of your family while growing your service of the practice?
- Do you engage with regular heart coaching in addition to accountability coaching in order to realize the intensity that is required to sustain a growing practice and team?
- Do you want to grow and are you willing to invest the extra time, energy and money into the growth of your practice at this time?
