Week 14: Re-Report of Findings

1. TLC Procedure
 - a. We always re-examine engagement FIRST to reconnect with the entire story
 - b. We Re-Report on tests and symptoms last
 - c. Learning to be educated is more important than the adjustment – education first, body second
 - d. Delivering Re-Reports

2. Parallel to school and clinic
 - a. Learning to THINK is more important than memorizing facts
 - b. What are the principles that are more important than the adjustment to you in clinic
 - c. How do you speak the truth and challenge yourself and patients to more

3. Drill:
 - a. Delivering Re-Report going over
 - i. Their story for showing up – remember why you first chose to go to chiropractic college
 - ii. assessing engagement
 - iii. symptoms last, so how are they doing best in school

Homework: Practice in clinic or in school first thing we evaluate is your/ our engagements IN before we discuss the results from your studying or adjustments

“Now is the time to dig in”
